CAVANA WAS NOT PRESENT

PEACE REIGNED IN THE FIRE AND POLICE BOARD.

Chief Sanford's Monthly Report Presented --Fire Chief Meader Again Recommends the Disbandment of the German Hose Company--Other Matters.

Oneida, June 2.—President Whitman, Secretary Polley and Commissioner Miles were present at last evening's regular monthly meeting of the Police and Fire Board, and the unanimity with which they transacted business was directly opposite to the condition of things that prevailed a month ago. Village Clerk Bonney, assistant secretary, and a Herald reporter were also present, and they alone. This fact is mentioned because it is significant of the seeming lapse of public interest in the Board since the tempest within itself has been stilled.

Chief of Police Sanford's report for last month was received and accepted. It shows that thirty males and Anna Gage were arrested during that time, the offences and their frequency of occurrence being: Assault in the third degree, 2; [illegible], 3; public intoxication, 9; tramping, 11. One case was left over from April, and two were pending at the close of May. In the disposition of the other cases 8 prisoners were sent to jail, 5 paid fines, sentence was suspended upon 9 and 13 were discharged. The department's earnings amounted to $129.15, $28 of which was collected in fines and the remaining $92.15 was charged in fees against the town.

Chief Engineer Meader's monthly report was also received and accepted. It conveyed several recommendations, among which was the disbandment of the German Hose company. That is the last remaining volunteer organization in the department, and several times has its retirement from service been urged by Chief Meader. He reported that at the last fire in James A. Gregg's malt house but 3 of its 25 members responded to the alarm, and he has no hesitancy in declaring that they no longer manifest any interest and shirk duty in every instance. Naturally the volunteer firemen, who once constituted the champion drilling company in the State, are not over and above anxious to spoil their good clothes in fighting fire while there are plenty of men paid to do the work, and they have come to regard themselves as a force held in reserve for any big fire that may occur. Chief Meader does not view their conduct of late as ominous of heroic action on the Germans part in such an event, but entertains belief that their uncleanness has a demoralizing effect upon the entire department and impairs its efficiency. He has had the company's apparatus removed from Joseph Hurrle's barn to the corporation storehouse in James street, thereby saving $30 annual rental, but his recommendation of disbandment was not acted upon.

The Chief submitted the names of the available salaried firemen, presented two resignations and recommended several appointments. The resignations of David M. Barber and Fred L. Dean were accepted by the Commissioners, and to fill vacancies these call firemen were appointed to be assigned by the Chief: Cyrus Marble, Joseph K. Miller, Charles H. Bowman and Arthur Clifford. Chief Meader was authorized to secure a smoke protector on trial.

Accounts aggregating $629.32 were approved and will be submitted for audit to the Village Trustees. Of that sum $348.56 stands against the fire road and $280.76 against that of the police. Commissioner Miles was appointed a committee to prepare a resolution to be submitted to the Village Trustees requesting them to exert their influence in trying to secure the gratuitous placing of a telephone in the Police station, and consent was given for the vesting of Night Watchman Myers with the powers of a special police officer at his own expense and without salary.

Mrs. Catherine H. Rose Dead.

Oneida, June 2.—Mrs. Catherine H. Rose died at the home of Charles W. Coon, No. 38 North Willow street, last evening at the age of about 70 years. She was the widow of Edwin C. Rose, whose death occurred many years ago, and for the past seven years she had been housekeeper for Mr. Coon. Her health had been impaired for a long time, deafness and its effects being the principal affliction, and for the last six weeks she was a sufferer from what terminated in congestion of the lungs. Beside several brothers and sisters, whose places of residence are not positively known, she is survived by two grandchildren—Charles, who lives with William Bridgen, and Franklyn of State Bridge. The boys are sons of her son, George H. Rose, who formerly lived here and was lynched by a mob at Cottonwood Falls, Kan., about four years ago. His offence was the shooting and killing of a man whom he fancied was conspiring to prevent his appointment as Postmaster.

Two Bicyclists Laid Up.

Oneida, June 2.—Miss Elizabeth Guy is confined to her bed in Chappell street by injuries sustained due on Monday afternoon in falling from her bicycle. The accident occurred at Oneida Castle as she was returning home from Vernon. A blood vessel in one of her limbs was ruptured by being violently struck by the handle bar. Doctor Greene attended her injuries and late that evening she was in a condition to be removed home. No serious results are anticipated, but it will be several days before she will be able to leave her bed.

Fred Dunning is taking an enforced vacation from his labors in the New York Central railroad's freight office, and meanwhile nurses a pretty sore hand. His injuries were sustained in making a flying leap from his wheel into a barbed wire fence.

New Date For McMahon-Davis Match.

Oneida, June 2.—"Teddy" McMahon writes that a new date has been agreed upon for his meeting with Charles Davis before the Herkimer Star Athletic club, which was originally fixed for May 22d. Davis was prevented from appearing at that time, and the affair will now take place on the night of July 2d. The men have come together once. That was at Herkimer on March 13th, when the fight was stopped in the third round by the referee because the spectators were becoming so riotous. McMahon is training at Hinckley, making his quarters at the Central House.

DUTTON—KEELER.

Pleasant Wedding at St. Peters Church Yesterday.

Cazenovia, June 2.—St. Peters Episcopal church was the scene of a brilliant wedding yesterday at high noon, when Miss Bessie Ruth Keeler, youngest daughter of Mrs. W. H. Crittenden, became the wife of George Lee Dutton of Oneida. The ceremony was performed by the Rev. John T. Rose. The church was prettily decorated with ferns and white lilacs. To the strains of the wedding march from the bridal chorus of Lohengrin, the bridal party entered the church, preceded by Leonard Rouse, nephew of the bride, as page and the ushers, Fred Baldwin, Earl McGuiness, Alfred Evans, George Hinman and Fred Munro, all of Oneida, and Hurley Rouse of this place. Then came the maid of honor, Miss Roseppa Rouse, niece of the bride, followed by the bride leaning on the arm of her brother, Arthur A. Keeler, who gave her away. They were met at the foot of the altar by Mr. Dutton and his best man, W. L. Hulburt of Oneida. The ceremony was performed with a ring.

The bride wore white India linen, trimmed with lace insertings, and mousseline de soie, and a veil. She carried a bouquet of lilies of the valley and white roses, tied with a wide, white satin ribbon. The maid of honor was dressed in white organdie trimmed with lace, and pink ribbons, and a white picture hat, trimmed with white plumes and pink ribbons. She carried a bouquet of pink and white tinted tulips. Miss Hamilton, who presided at the organ played the Mendelssohn wedding march as the bridal party left the church.

Immediately after the ceremony a reception was held at the home of the bride in Seminary street.

The bride's going away gown was blue French serge, trimmed with red silk, and hat to match.

The happy couple drove away amid a shower of rice. The bride before entering the carriage threw her bouquet in the air and it was caught by Miss Mina E. Church.

Mr. and Mrs. Dutton drove to Chittenango and will spend their honeymoon in New York and vicinity, and will be at home to their friends at No. 46 Broad street, Oneida, after June 22d.

STRIPPED OF HIS CLOTHES.

Farmer Opdyke Fell Among Thieves and Was Badly Used.

Seneca Falls, June 2.—Charles Opdyke of the town of Tyre came to town on Saturday and attended the memorial celebration. He roamed about the village late into the night. At midnight he was looking for a place to sleep, and was accosted by a stranger, who told him that he would take him to a place. He accompanied the stranger to an empty house in the extreme southwest part of the Third ward. The two entered and immediately the farmer was thrown violently to the floor and everything of value he had about him was taken from him, including his coat, waistcoat and hat and pocketbook. He was turned out into the street at 2 o'clock with no clothing except his trousers, shirt and shoes. The case was reported to the police and led to the arrest of John Mosher yesterday. He was examined this morning and held for the Grand jury. The charge is robbery in the second degree, and the extreme punishment is not more than fifteen years.

CORTLAND

ATTACKED BY A MAD COW

THREE-YEAR-OLD CHILD NARROWLY ESCAPED DEATH.

The Little One Was Thrown to the Ground and Butted Several Minutes by the Animal, Which Had Been Dehorned--Companion Tried to Save Her.

Cortland, June 2.—Little Thelma Metzger, the interesting 3-year-old daughter of Mr. and Mrs. D. Metzger, who live on a farm west of Cortland, was attacked by an infuriated cow in an open lot Monday, while playing with her 5-year-old brother. The brute, fortunately, had no horns, but threw the terror-stricken and screaming child to the ground, and for several minutes butted her in a horrible manner. The little brother tried the best he could to beat the animal off with a piece of board, but his efforts were in vain, as the maddened animal persisted in its attempt to crush the unfortunate little girl.

Finally the lad, despairing of being able to rescue his little sister, ran screaming to the Sears cheese factory, nearly a quarter of a mile distant, attracting the attention of one of the cheese makers, who ran to the little girl's rescue and attacked the cow so energetically that it gave up and ran bellowing across the lot to its calf, not far distant.

The little girl's body and lower limbs are severely bruised and the shock to her nervous system, it is feared, may prove fatal. Mr. Metzger is thankful he had taken the precaution of having all his cattle dehorned some time ago, otherwise the little one would have been gored to death before it was possible to rescue her.

Fine Music Appreciated.

Cortland, June 2.—The chorus at Mahan's music festival at the Cortland opera house now numbers more than 300. Doctor Palmer's arrangement of Strauss's "Blue Danube" waltzes for mixed voices was also taken up. Doctor Palmer also composed the words set to the music. The national songs and anthems were practiced to-day, which will be produced at the concerts on Thursday and Friday afternoons and evenings. Mrs. Martha Dana Shepard, the Boston pianist and accompanist, inspired the singers and thrilled the audience. Several of the artists that are to take part in the concerts will appear at the reception to be given the ladies at the Tioughnioga club this evening.

WATERTOWN.

HAYNES HEARS EVIDENCE.

Doctor Ware Examined Before Justice Wright--Public Excluded.

Watertown, June 2.—Edgar G. Haynes, alias George Allen, was brought to the Court House yesterday and listened to the testimony of Surgeon Isaac P. Ware, under whose attendance he was for four weeks after the double murder at Sackets Harbor. Doctor Ware has been ordered to an army post in the Territory of Arizona, and District Attorney V. K. Kellogg obtained an order from Justice M. L. Wright last Friday to have his testimony taken.

Justice Wright came to the city at 4 o'clock, and when he arrived at the Court House Haynes was there, accompanied by his attorney, ex-District Attorney Frank H. Peck. District Attorney Kellogg requested the Court to clear the room of all parties except those interested and this was done. The reason given for this was that the evidence would be discussed by the public before the trial and it might be difficult to get an impartial jury. It would seem evident that the District Attorney feared that Doctor Ware's testimony would not be of very great benefit to the prosecution.

Haynes is looking considerably better than when he was first arraigned, although he looks now as if far from being a well man. There seems to be unequal dilation of the pupils of the eyes, indicating a brain lesion.

SAVANNAH.

Held Up by Highwaymen.

Savannah, June 2.—John Goodman and Frank Morgan were held up by a couple of highwaymen at a point in the Beadle swamp west of this village as they were returning from Clyde at a late hour last night. The boys had a spirited horse and by the application of the whip the animal made a sudden lunge and knocked one of the highwaymen down, while a well aimed blow from Mr. Morgan put the other out of harm's way and allowed them to escape.

The water works question is at a standstill just at present. When the movement for supplying the village with water for fire purposes was first talked of it was supposed that Fort Hill, south of this village, would furnish an abundant supply, which could be run into the village upon the gravity system, but upon a careful examination it is found that there is not sufficient water at a point of the hill where a proper head could be found to force the water into the village with any degree of success. There is, however, plenty of water at the base of the hill, but in order to use it for fire purposes it would have to be pumped into a reservoir and this would require a more expensive plant than it is thought the taxpayers would approve. The expense of pumping alone would cost $1,000 a year and it is a question if water rents would net a greater income.

Miss Marallie Wood, who has been attending the Boston Conservatory of Music since last September, returned to her home in this village last evening to spend the summer months with her parents in this village and at the Wood cottage upon Newark island, Sodus bay.

There are four candidates for the Postoffice here, W. R. Wiles, C. C. Taylor, A. W. Evans and Editor Conroe. Their chances of success are about in the order named.

FULTON.

NEW ASSESSMENT ROLL

PRESENT LAW CARRIED OUT TO THE LETTER.

Village Assessors Have Had an Arduous Task--Valuation of Real Estate Increased More Than $100,000--Town Assessors Just Commenced Work.

Fulton, June 2.—To-day the village Assessors expect to complete the assessment of the real estate of the village, after a task made long and arduous by the new assessment laws of the State, which are being carried out here to the letter. As has already been noticed in The Herald, the local Assessors were greatly deterred in their work from the fact that they were compelled to use the old maps instead of the ones which the village caused Village Engineer O. C. Breed to make for them this spring. This was due to the fact that the new maps were not subdivided, but notwithstanding all this the Assessors have made good time, considering that the ways provided by the new law were new to them. It is expected that the assessed valuation of the real and personal property of the village will, after the completion of the assessment, be several hundred thousand dollars higher than at present, but the Assessors are not able to give an approximate figure of the increase, though they are ready to announce that the increased valuation on real estate will reach more than $100,000.

The real property of the village went down on the assessment book last year at $1,905,121.75, nearly two millions of dollars. Personal property last year was placed at $200,313, which clearly shows that there was no fairness in the manner of the old assessments. The laboring classes who owned little homes were compelled to pay the tax of the village, while the mortgage holder and owner of bank stocks were assessed at a very low rate, if at all. Under these circumstances an immense increase may be looked for when the Assessors complete their work on the personal property assessment, and taxation will thereby be made more equal. The most tedious task which the Assessors have this year still confronts them in the assessment of the personal property, for it is there that hidden treasure will be found buried deep under notes which will have to be searched for carefully to get at the true state of affairs. The Assessors cannot say when they will be able to complete the assessment.

In the town the Assessors have just commenced their work and will find even a more difficult task than has confronted the village Assessors, for they intend to put a tax on all property owned by farmers, such as the live stock on their farms, and place it in the class of personal property. The increase in the assessed valuation will doubtless be most surprising when it comes to an examination of the books on grievance day.

JAIL LEASE EXPIRED.

New Steel Cells Have Not Arrived--Contract For Remodeling Building.

Fulton, June 2.—The lease of the village jail in the Patterson block has expired, and the new steel cells which were purchased by the Town Board have not yet arrived. As a consequence were it not for the foresight of President Hulett of the village, Fulton might have no place to put her criminals. But the President has arranged with the owners of the property in which the jail is now located to use the place day by day as it is needed until the new cells shall arrive. The matter was brought up at a meeting of the Town Board held recently, but that body considered that they were doing well by the village to buy them a jail, and should not be asked to pay rent for the present place until the new cells are in place. The matter was thus put upon the village.

No word has been received concerning the cells since the order was acknowledged by the Van Doren Iron company of Cleveland, O., who are building them. At that time it was promised to have the cells here ready for use by the 1st of this month, but they have failed to make an appearance as yet. In the meantime the Board is making preparation for the changes which are to be made in the Town Hall, and are bending their efforts toward securing a speedy completion of the work. The barn is to moved from its present location in the rear of the hall, and already a contract has been let to a builder named Fairbanks from Baldwinsville. A serious difficulty confronts the Board in moving the barn, from the fact that they will be put to considerable expense to fill up an immense hole which is now under the barn. This was not anticipated when the work was first considered.

Fulton Facts.

Fulton, June 1.—Baker & Banker, the new sewer contractors, report a scarcity of labor. There was a great protest among local laborers when it was suggested to put Italians at work on the job, and they were right in the stand, but now when it comes to a time when men are wanted they do not come forward rapidly. The contractors wish to improve the present fine weather and desire to push their work.

SIX FARMERS ARRESTED.

They Must Use Three-Inch Tires When Drawing Heavy Loads.

Auburn, June 2.—Six farmers were arrested by the police yesterday for violating section 39 of the revised city ordinances, which require that all wagons loaded at over 3,000 pounds must have 3-inch tires. This includes the weight of the wagon itself. Section 39 has been operative for nearly a year, but has never been strictly enforced. The farmers in the surrounding districts have been notified, however, for a month past that the law would be fully carried out after May 31st. The patrolmen were notified yesterday morning to arrest all transgressors.

William Donlon of Scipio, the first victim, had over 3,000 pounds of hay on his wagon. Robert Hayes of Cayuga also had a load of hay which exceeded the limit allowed by the City Fathers. Sentence was suspended in both cases, with an admonition on the part of Recorder Clark not to transgress the law again. Charles Washburn, a drayman living outside the city limits, was the next offender. Mr. Washburn declared the ordinance unconstitutional and said that he would contest the matter. The case will be heard today. Octavius Phillips, Lewis Babcock and George Osborn were the three other violators. They also proposed to test the legality of the ordinance and hearing was adjourned until this afternoon.
